

ES Remote Learning Plan: For Families

During the school closure, Chicago Public Schools' goal is to provide students with remote learning opportunities to help minimize instructional loss, provide students with routines and structures to help stay engaged and connected, and ensure that students are healthy. Grimes school will meet these goals by implementing the plan below.

This document summarizes our plan by telling you:

- 1) The minimum amount of time your student should spend in structured academic activity.
- 2) How you can access learning materials digitally.
- 3) What key learning platforms your student will use.
- 4) How your student can access their teacher, and when they should expect feedback on work submitted.
- 5) How your student can access learning materials if you don't have easy access to a computer.
- 6) How we will communicate with you as a school, along with how your student can get support during the school day if they are stuck on an assignment.

ES Remote Learning Plan: For Families

Non-Digital Remote Learning Plan

Administration will call parents who do not respond to electronic communication. For those parents who do not have online access or prefer paper packets, packets will be available, for all grades, each week on Mondays and Tuesdays between 9am and 1pm at the main door of Grimes Middle School, 5450 W 64th St. We are requesting that parents needing packets reach out to the teacher so that we prepare the correct amount. Please reach out if alternate arrangements need to be made to ensure your child stays engaged during this remote learning period.
